BENHS Children and Adults at Risk Safeguarding Policy

Purpose and Aim of the Policy

Children and vulnerable adults have the right to live their lives to the fullest potential, to be protected from harm, to be able to live free from fear of abuse, neglect and exploitation and to be able to participate in, and enjoy, activities and to be treated with dignity and respect.

Scope of the Policy

This policy applies to all staff, volunteers and trustees within the **British Entomological and Natural history Society** hereafter referred to as the **BENHS** and will explain their responsibilities, as well as that of the BENHS, of their duty in respect of protection of children and adults at risk.

Context

For adults – Care Act 2014

For Children – Working Together to Safeguard Children 2018 (Statutory guidance on inter-agency working to safeguard and promote the welfare of children)

Policy Statement

The purpose of this policy is to protect children and adults at risk who come into contact with the BENHS through our work.

To provide BENHS staff, volunteers and trustees with the overarching principles of safeguarding children and adults at risk.

Everyone is responsible for ensuring that children and adults at risk are safe.

Definition - Safeguarding Adults at Risk

Safeguarding adults at risk means protecting their right to live in safety and free from abuse and neglect. An adult at risk is anyone aged 18 or over who:

- has need for care and support
- is at risk of, or is experiencing, abuse or neglect
- is unable to protect himself or herself from either the risk of, or the experience of, abuse or neglect

Adults such as these may:

- have an illness affecting mental or physical health
- suffer from drug or alcohol problems
- have a learning disability
- be frail

Definition - Safeguarding Children

A child is anyone under the age of 18. Safeguarding means:

- protecting children from abuse and maltreatment
- preventing harm to children's health and development
- ensuring children grow up with the provision of safe and effective care
- taking action to help all children and young people to have the best outcomes

Actions required following disclosure of needs

- Children must be accompanied by a designated, responsible adult when attending any event organised by the BENHS
- Any adult who confides with a member of staff, volunteer or trustee and discloses a need that would place an individual in the category of an adult at risk should be assured that the information will be shared only with people who need to know about it and that, after an assessment of their needs, reasonable adjustments will be put in place to ensure that individual's safety during any event organised by the BENHS. Appropriate records should be made.

Recruitment of Staff, Volunteers and Trustees

BENHS is committed to Safer Recruitment including DBS checks where appropriate.

Training and Awareness

BENHS will ensure that all staff, volunteers and trustees will have the appropriate level of awareness training on safeguarding adults at risk and children.

Confidentiality and Information Sharing

All staff, volunteers and trustees will always maintain confidentiality in line with the data protection principles. Data should be stored in a secure place with access limited to designated people.

However, information should be shared with the appropriate staff member, volunteer or trustee and with the appropriate Authorities where there is a risk of immediate harm. Promises of confidentiality should not be given to someone alleging abuse as this may conflict with the need to ensure the safety and welfare of the individual. Information should be disseminated on a need to know basis.

Reporting Concerns

If there are concerns about the safety of a child or adult at risk these should be raised initially with the BENHS lead person (see below). This reporting of your concern should take place as soon as possible and a record made. The lead person of the BENHS will decide the appropriate course of action; this could include informing the local contacts (see below). Any agreed actions will be implemented.

Complaint Against a Society Member, Employee or Volunteer

Where an allegation is made involving a Society member, employee or volunteer, this must be taken seriously and could result in the following taking place:

- criminal investigation
- a child protection/adult at risk investigation
- disciplinary/misconduct investigation
